About the Route

The River to Clouds Route is a multi-use route that traverses Lookout Mountain. Approximately 94-miles in length, the route begins at Cloudland Canyon State Park near Rising Fawn, Georgia and follows the mountain north to the base of Lookout Mountain in Chattanooga, Tennessee where it connects to Chattanooga's Greenway System. This multi-use route is open to mountain bikes and foot travel, consisting of both single and double track trails. The route challenges the most seasoned mountain bikers, runners, and hikers. Users can expect to encounter rocky technical sections, scenic overlooks, tumbling mountain streams, waterfalls, hidden hollers, unique rock formations, abandoned mines, and several historical sites.

The River to Clouds Route connects public lands managed by Lookout Mountain Conservancy, National Park Service, Lula Lake Land Trust, Georgia-Alabama Land Trust, Covenant College, and Georgia State Parks. To find out where you can park overnight and camp, please consult the map and make sure to follow the rules and guidelines set by each land manager. We appreciate the support of all the organizations involved in making the River to Clouds Route a reality.

The route crosses the ancestral lands of the Cherokee Nation and indigenous peoples that came before us. As stewards and users, please respect these past cultures and public lands.

Practice Leave No Trace Ethics

- Plan ahead and prepare for navigating difficult terrain.
- Do not ride muddy trails and respect trail closures.
- Travel and camp on designated areas.
- Dispose of waste properly.
- Leave what you find.
- Minimize campfire impacts, where campfires are allowed.
- Respect wildlife.
- Be considerate of other users.
